Clay County Fair.

Clay County is to have a fair this year and while it is going to be a real country fair, with all the prize exhibits and amusements galore, it will be conducted upon new and original lines.

In the first place it is to be a free fair, no charges of any kind to view exhibits or take part in the pleasures of the occasion.

Another novelty will be that the fair will be held in the business section of the city of West Point, where it is easy of access, where all conveniences may be found and where the affair can be best and most easily managed.

There will be the usual live stock—horse, mule and cattle—shows, with the usual premiums; exhibits, for prizes, of products of field, garden, and the home; mercantile, mechanical and industrial displays.

Amusements, including civic events and parades, will be provided to give spice and life.

Special attention, however is to be given to profitable demonstrations along the ideas of the day—conservation and efficiency. So that the fair of 1917 will be not only an occasion of pleasure and social enjoyment, but also of great benefit to all communities in the county.

The dates have been set for Wednesday, Thursday and Friday, October 10, 11 and 12.

The committee in active charge includes Mrs R L Betty, J C Knobles, Tom Chandler, Wm Deal, Walter Fisher, C C Clark and Emmett Walker. But it is expected that all persons in the city of West Point shall constitute a "committee of the whole" each person to do all possible to contribute toward a great and grand success.

Work is now being done on the premium list, and this will be issued in a few days. Particulars will be announced through the newspapers as details for the various events and features are worked out.
